July 13, 2018

Dear Parent/Guardian of a Kindergarten Student:

A child enrolling in school for the first time must be screened for vision, hearing, speech, and communication, medical problems and any developmental disorders. This screening is not intended to diagnose educational disabilities or to be used for placement procedures. Parents may sign a statement that they do not wish to have the child screened. (OR 3313.673)

This screening may be conducted at the following locations:

1. Your family doctor's office
2. Your school district of residence
3. Any other medical facility of your choice

You will need to provide QDA with a written record of this screening by **November 1, 2018**.

Please contact me if you have any questions.

Sincerely,

Dr. Richard J. Varrati, Ed.D., CEO
